Forensic Science Center

"I've requested assistance from the **Forensic Science Center** in San Francisco. It's at the Lawrence Livermore National Laboratory, I don't know whether you're familiar with them—"

"They did evidence analysis on the Unabomber case, the Times Square and World Trade Center bombings in New York, probably hundreds of other investigations," Nimec said. "UpLink's had a relationship with them for years, and I've worked with them personally. The LLNL's **the best group of crime detection and national security experts in the business.**"
